REASONS FOR ALLOWANCE

1. The following is an examiner's statement of reasons for allowance:

The prior art of record fails to teach fairly suggest a medical device dressing comprising "at least one layer of conductive material comprising at least two plies of a conductor wherein the at least one layer of conductive material has a surface resistance of less than 1 ohms/in².

The prior art also fails to teach a medical device comprising conformable conductive fabric comprising a biologically inert polymer uniformly coated with an antimicrobial metal, wherein said conformable, conductive fabric has a surface resistivity of less than about 1 ohm/in².

The prior art also fails to teach or fairly suggest to one having ordinary skill in the art a wound dressing or medical article comprising at least one layer of conformable, conductive fabric having a surface resistance of less than 1 ohm/in².

The prior art of record further fails to teach or fairly suggest to one having ordinary skill in the art a medical device comprising a wound dressing and an appliance; wherein the wound dressing comprises more than two layers of a fibrous material and wherein the material contains nonmetalized fibers and fibers that are at least partially coated with a metallic material to yield metalized fibers, each layer being joined to and adjacent layer and having a ratio of metalized fibers to nonmetalized fibers.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably

accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
